Subject: RE: Innovations In Chemical Risk Assessment Weekly Meeting

Attached is a revised chemical assessment matrix. Our next meeting is scheduled for Thursday, July 21. Please send any comments by COB Tuesday, July 19. For our next meeting, we will address the following:

1. Discuss where science ends and science policy begins. What is appropriate for an ORD assessment?
2. Refine content of table as appropriate
3. Align product types with different tiers
4. Figure out if/where to work in other authoritative bodies' risk assessments

5. Define what we mean by screening and prioritization
6. Modification to figure? Keep figure or get rid of it?
7. Develop agenda for 7/26 half-day meeting

I've also attached the photo of the white board from our discussion yesterday.

Thanks!
